

1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, 2609, 2610, 2611, 2612, 2613, 2614, 2615, 2616, 2617, 2618, 2619, 2620, 2621, 2622, 2623, 2624, 2625, 2626, 2627, 2628, 2629, 2630, 2631, 2632, 2633, 2634, 2635, 2636, 2637, 2638, 2639, 2640, 2641, 2642, 2643, 2644, 2645, 2646, 2647, 2648, 2649, 2650, 2651, 2652, 2653, 2654, 2655, 2656, 2657, 2658, 2659, 2660, 2661, 2662, 2663, 2664, 2665, 2666, 2667, 2668, 2669, 2670, 2671, 2672, 2673, 2674, 2675, 2676, 2677, 2678, 2679, 26

WASHINGTON, D. C. — *Reporters* from *Public Opinion* magazine have been invited to participate in a symposium on "The Role of the Press in the Nation's Life" at the University of Maryland, College Park, on September 10-11. The symposium is sponsored by the National Press Club.

The activities planned that afternoon will include a luncheon and a panel discussion on the role of the press in the nation's life. The panel will be moderated by the author of the book, "The Press and the Nation's Life," which was published by the National Press Club in 1964.

Dr. J. M. G. Smith, who is president of the National Press Club, will preside over the luncheon and the panel discussion.

## KING CONSTANTINE REPORTED HOSTILE TOWARD THE ALLIES

### MANY ROMANIANS CAPTURED FRIDAY

BERLIN ADMITS THAT RUSSIANS GAINED GROUND IN CARPATHIAN FOREST AT HEAVY COST YESTERDAY.

(The Associated Press.)

The Greek situation has become potentially of marked military importance as well as decided political interest, with supposed purpose of Tzoules to turn important sections of army in Rumania upon entente's Balkan army. Central News dispatches report King Constantine and Royalists hostile toward entente. It is declared that efforts are being made to gather strong army to attack the entente forces from rear as the Tzoules forces attack from north.

The Rumanian retreat is considered likely to be continued until Buzau line in Moldavia is reached. A Petrograd report indicates Russians are determined to hold the line along western Moldavian frontier, saying they captured two heights and 500 prisoners in the Putna-Haliczka region.

Paris reports the Franco-Belgian front quiet, with artillery battle at Hill 304 on the Verdun front.

Berlin says entente attack on Somme front failed.

Rumanians Lose Heavily.  
BERLIN, Dec. 9.—In a statement issued by the war office this morning it states that the Rumanians have lost more than 70,000 men and 124 cannon since December 1, also that several thousand prisoners were taken in western Rumania yesterday and that the Rumanian retreat continues. The statement admits that the Russians gained ground in the Carpathian forests yesterday, but at heavy cost.

## MERCHANTS BANK TODAY SENDING CHRISTMAS CHECK

Upward of \$4,000 will be distributed Monday, December 11, by the Merchants bank. This sum represents the amount, with interest at the rate of four per cent, saved by members of the Christmas Savings club. So successful has the idea proven that the Merchants' bank will conduct a similar campaign for Christmas, 1917, starting December 13, of this year. Christmas savings checks for 1916 will be mailed this afternoon, December 9. They range in value from six cents to sixty-five dollars and thirty-five cents. The cash is immediately available for Christmas presents and it is thought that practically all of the \$4,000 will be spent here in Daytona.

## Congressional Committee Told Railroads Pessimistic

(The Associated Press.)

WASHINGTON, Dec. 9.—Max Thelen, president of the National Association of Railway commissioners declared today before Congressional Railroad Investigating committee that the railroads were "in hysteria of pessimism"; that they seem to be engaged in trying to ruin their own credit and are apparently laying foundation for government ownership. He asserted that railroads were earning more than ever and would be really acting in the public interest if they would stop complaining about public regulation and devote themselves to supplying equipment and other urgently needed facilities. President Thelen further declared that although other corporations were subject to state regulations the railroads were the only ones making complaint.

## ONE DIVORCE TO 10 MARRIAGES IS THE RECORD IN AMERICA

**CHURCH STATISTICS SHOW AN ALARMING INCREASE IN DOMESTIC INFELICITY—COMMON LAW MARRIAGES CONDEMNED.**

ST. LOUIS, Mo., Dec. 9.—The divorce courts, as busy as they are, reveal but a small proportion of the marital infelicity in this country, says the commission on family life which reported at today's session of the quadrennial meeting of the federal council of the churches of Christ in America. The report included statistics and discussions of many phases of the complex problems of marital relations. As to divorce it says: "At this moment it is thought that one marriage in ten is broken by divorce, and that in some states the proportion may be as high as one in four." "It is a striking fact," the commission says, "that in the majority of divorce cases dissolution of marriages has occurred, not hastily after a brief trial, but deliberately after a considerable period of marriage; the average exceeding six and one-half years. Common observation will show frequency of divorce among people who

## GERMAN WARSHIP IN ATLANTIC OCEAN—LONDON REPORTS

### CONGRESSIONAL R. R. COMMITTEE WANTS IT'S LIFE EXTENDED

(The Associated Press.)

WASHINGTON, Dec. 9.—The joint Congressional Railroad Investigation committee has decided to ask congress to extend its life beyond January 8 when its authority expires, so it may postpone further hearings until congress adjourns. This is considered necessary so that the time may be devoted to President Wilson's railroad legislation program in congress.

## TELLS OF ROAD CONDITIONS TO THE SOUTH OF DAYTONA

J. C. Churchill is in receipt of a card from A. F. Miller, member of an automobile party touring to Melbourne Beach, who was a transient guest at the New Gables hotel recently, and wrote to Mr. Churchill's request as to the conditions of the roads south of Daytona. Mr. Miller wrote that between Oak Hill and Titusville the road was pretty rough (this is the Turnbull hammock section which has been graded and is not yet hard surfaced), but elsewhere they found the roads very fair. He thought the section south of Oak Hill might be much worse in wet weather.

## THE YACHT IDYLEASE MAKES BRIEF VISIT

The 65-foot yacht Idylease, owned by Mr. and Mrs. E. M. Morris, of New York city, which came in Friday from the northern waters, left this morning for the south. This neatly fitted craft and its owners will spend the winter at Miami.

Values in advertising come from advertising valuable goods.

### HOLDS UP VESSEL AND EXAMINES IT

GERMAN LIGHT CRUISER IN ATLANTIC SUCCEEDS IN RUNNING BRITISH CORDON ASSOCIATED PRESS.

(The Associated Press.)

LONDON, Dec. 9.—A German warship has succeeded in running the British cordon in the North Sea according to a ship captain here. He states a German light cruiser held up and examined his vessel in the Atlantic ocean. The warship was not a converted merchantman.

## SEABREEZE TOURIST CHURCH SUN. SERVICES

The Tourist church at Ponce de Leon drive and Glenview avenue has arranged services for the winter. Rev. Charles Frederick Goss, D. D. The stated minister will, with his power of oratory, weekly supply the pulpit. At 11:30 o'clock a. m., tomorrow, December 10th, his subject will be: "A Spiritual Enlightenment." The Tourist is a union church; a fellowship church. All denominations worship in it. The music is a special feature. A cordial invitation and welcome is extended to everybody.

E. L. Gaskill, of Bethel, Vt., and his sister and niece, Mrs. Ada Selby and Miss Mabel Selby, of Saint Johnsbury, Vt., cousins of W. W. Marshall, arrived Thursday and will be located during the season in one of Mr. Marshall's houses on Vermont avenue, Marshall park, Daytona Beach. Mr. Gaskill was here four years ago and notes many improvements since that time.

"Wear-ever" goods will be wear ever advertising.

## FEDERAL GRAND JURY TO INVESTIGATE THE HIGH COST OF LIVING

(The Associated Press.)

WASHINGTON, Dec. 9.—Attorney General Gregory has ordered federal grand jury investigation of the high cost of living started at once in New York, and in Detroit next week. Investigations by federal grand juries in other parts of the country are being considered.

WASHINGTON, Dec. 9.—Reports from Justice Department investigators today indicated that a widespread existence of combinations of brokers and dealers in foodstuffs and coal to force prices upward was given out by officials.

The activities alleged that speculators were said to have extended as far south as the Mexican border and included virtually every section of the country.

Prosperity depends much on psychology, and business pep comes from perspiration and publicity.

# Hotel CLARENDON Opens Jan. 4, 1917

## Out of Paris Came This One

**B**IG velvet wonderfully cut fashion this gown, trimmed with a silvery drape over the left shoulder. The front has a plaited giraffe effect trimmed with silver buttons, while the corsage takes one silver rose. Shown (tulle softens the outline of the shoulders—a stunning gown for matrons.

Colors of white broadcloth, frequently combined with matching cuffs, are good style for suit coats and for street dresses. Vestures for these same uses

are of organdie, lace, net, chiffon and georgette crape and are trimmed with hemstitching, tucks, lace and hand embroidery.

Black and white, in the form of checks and in other combinations, are used in autumn models.

Long one piece frocks of moyen age waist line and cut have the fullness let in by four or five spaced slender inserts of the cloth shirred at the top.

ANNA MAY.

## OPPORTUNITY TO CULTIVATE TASTE OF GOOD MUSIC

(Frank Tarquist, Daytona High School Faculty)

What kind of music do you enjoy? Do you enjoy hearing the latest popular hits such as "If I Knocked the 'L' Out of Kelly," "Mother Goes to Movie Shows" and the like, or are you among the few who delight in good music; music that has stood the test of years, music written by the famous Wagner, Verdi, Beethoven and the like.

To some this love, or taste for good music is natural but more often it is acquired by hearing great operas, oratorios and overtures. Twenty years ago when there was very little of the ragtime music written, children were taught to play selections from the great composers and in the evenings listened to their mothers play some of the more difficult selections. Today the majority of children as soon as they learn enough music to read at sight, begin to play the syncopated music of our modern amusement places and dance halls, and forget altogether the good music, if they have learned any. If a phonograph is in the home and the selections are not picked out with a great deal of care it may become a detriment rather than a help to the child as she will take

the easier method of playing the phonograph, unless compelled by the parents to keep to her music.

Through the kindness of Mrs. Burgoyne and the citizens of Daytona, in giving to Daytona an orchestra of most talented musicians, the children of Daytona are afforded a most wonderful opportunity to cultivate the taste for good music.

Success is a citadel worth possessing, but advertising is the key that unlocks the door.

## Welding Platinum.

A new process has been recently devised in England for the welding of platinum contacts on springs, thus effecting a saving in the amount of platinum used. Essentially, the main feature of the process is the placing of a thin coating of copperplate on the platinum, which not only facilitates the task, but also reduces the welding current necessary. An automatic welding machine is used in the process. It takes a strip of platinum sheet or a coil of platinum wire, depending on whether a flat or pointed contact is desired, and deposits a piece of platinum of the proper size on the spring and holds it in position during the welding operation. The welded contact is flattened or pointed by a die as it leaves the machine.

## ALLOW GREETINGS ON XMAS PARCELS 4TH-CLASS MAIL

UNCLE SAM MAKES NEW RULING AND ADVICE TO MAIL CHRISTMAS PACKAGES EARLY HOLDS GOOD.

Just what may and may not be written on a Christmas present and still have it mailable as fourth class or parcel post, matter has been defined in a ruling which has just been received at the postoffice. It provides that in addition to the address and the name of the sender such words as "Merry Christmas," "Happy New Year," "With Best Wishes," may be placed either within or on the outside of the package. Simple dedicatory inscriptions may also be placed in books, so long as they are not of a personal nature, without removing the package from the fourth class rate.

The ruling upon this point is as follows: "Written inscriptions such as 'Merry Christmas,' 'Happy New Year,' 'With Best Wishes,' and numbers, names and letters for purposes of description are permissible additions to fourth-class or parcel post mail. Books may bear simple dedicatory inscriptions not of a personal nature. Other written additions subject parcels to letter postage. Communications prepaid at first class rate may be sent with parcels prepaid at fourth-class rate, provided they are placed in envelopes securely attached to the outside of the package."

## Mail Packages Early.

In connection with this ruling attention is called to the desirability of mailing all packages early. The indications are that the Christmas rush of parcel post mail this year will be the greatest in the history of the service. This being the case, the necessity of mailing packages early is more imperative than in former years. Already the postoffice has noted the beginning of the Christmas business, and the receipts for the first six days of the month indicates that all records of the local office will be broken this month. Another form of Christmas business has started in the money orders. This department has shown a big increase already this month and one of the noticeable features of this part of the business is the call for a considerable number of orders on foreign countries.

It is explained that the department does all that it can to encourage the early shipment of parcels and permits the placing on the outside of the packages, the words "Do not open until Christmas," to facilitate prompt delivery of Christmas parcels the department calls attention to the desirability of writing the address plainly and accurately, of wrapping all packages securely and prepaying fully all shipments. The insuring of valuable packages is also recommended.

Under the arrangements that are being made at the local office, all outgoing mail will be cleaned up each night, but it is held that if packages are held until the last few days before Christmas they are likely to be delayed at junction points and fail to reach their destination in time for the holiday.

## Helps Digestion.

If you find it difficult to drink milk alone, take some bread or crackers with it. Either prevents the formation of large clots and the milk is therefore more easily digested. Lime water or barley water added to milk has the same effect.

## Characteristics of Twins.

Ordinary twins usually resemble each other markedly. It is the identical twins (among the rarest of human phenomena) who can hardly be "told apart." But the most remarkable thing about them is the close moral sympathy that usually exists between them—a sympathy so intense that (unless a vast amount of seemingly reliable testimony on the subject be deemed unworthy of belief) one of them may even receive a subconscious impression of an untoward happening to the other, though a great distance separate them at the time.

## MR. AND MRS. R. E. WATERMAN AGAIN AT HOME IN DAYTONA

R. E. Waterman, assistant cashier of the First National bank, returned Friday afternoon from Saint Francis, Kansas, where he had been called two weeks or more ago, by the death of his father, Dr. E. L. Waterman, a prominent physician of that city. Mr. Waterman's mother, who was in this city and accompanied him to Saint Francis, is still there, but will leave shortly to join another son and a sister in San Diego, Cal. Mrs. R. E. Waterman, who during Mr. Waterman's absence visited her mother, Mrs. M. L. Leonard, at Sanford, rejoined Mr. Waterman in this city Friday afternoon, being accompanied by Mrs. Leonard who will visit here for awhile with Mr. and Mrs. Waterman and with her son, L. Clark Leonard and wife.

## Wisdom in Liberty.

The United States is the only country where one can say offensive things about the executive and go unpunished, which may have much to do with the traditional sweetness of the American disposition, fermenting opinions of those in authority being promptly uncorked and as soon forgotten.

## XMAS GREETING CARDS

ONE DIVORCE TO 10 MARRIAGES IS THE RECORD IN AMERICA

(Continued from Page One.)  
 have been married twenty years or more.  
 The commission believes that the entrance of women into the industrial field plays an important part in the increase of divorce. It deplors the fact that "unfortunately the larger part of humanity in America, as elsewhere, are strangers to the lofty views which the church entertains of marriage."  
 "When we are seeking therefore remedies for the evils of our lax marriage and divorce practices our ultimate and most effective method will be found in such instruction as the churches may give to their adherents, supplemented by such work as the educational institutions of the country may be induced to undertake. This instruction will bear upon the ideals of marriage. It will teach that marriage is not contracted as a mere convenience and for prudential reasons, that it is not even primarily intended solely for the personal happiness of those who contract it; but that it is indispensable to the proper filling out of the life of human beings, that it is one of the most effective methods of developing character, and that the preservation of the integrity of marriage and of the family institution as a whole is the only process by which a truly divine order for society can be maintained."  
 "No legislation, however, sagaciously framed, can ever effect a complete cure of marriage maladjustments, but such preventive measures as give promise of diminishing the evils which are now so abundant will commend themselves to thoughtful persons. The fact that in twenty-three states what are known as "common law marriages," in which a man and woman take each other for husband and wife without the services of a civil officer or a clergyman and frequently without any witnesses are recognized as valid, calls for serious condemnation, and no reform is more needed than legislation declaring such unions to be null and void everywhere in the United States."  
 "Make the kiddies happy with a Brownie from LeSesne's."  
 Health and Wealth.  
 There is this difference between the two temporal blessings—health and money: money is the most envied, but the least enjoyed; health is the most enjoyed, but the least envied; and this superiority of the latter is still more obvious when we reflect that the poorest man would not part with health for money, but that the richest would gladly part with all his money for health.—Colton.

Demonstration Ends Today

FREE \$1.50 KITCHEN STOOL  
 with Every Hoosier Cabinet tomorrow (Saturday), the last of our BIG XMAS CLUB SALE, let the opportunity go by to get a great labor-saving device demonstrated by a factory expert.  
 One Dollar now buys any Hoosier cabinet, and \$1.00 a week soon pays the balance. Cabinets bought can be delivered once or held until Christmas.  
 Easy Terms—Money-Back Guarantee  
 "Hoosier Beauty" brings you big cupboards, a large pantry, a table with porcelain or aluminum numerous handy bins and compartments. It brings you places for hundreds of articles and forty great labor-saving inventions. It puts all your tools and supplies at your finger tips.  
 See the beautiful new Hoosier models now ready at our store. Come see how this cabinet will systematize your kitchen work. See our low prices and easy terms. No obligation. Come today.

5c a Meal is All the Hoosier Costs

Come, choose your model—make a small payment—and let us deliver the Hoosier into your kitchen on absolute trial. Your money all back if you are not delighted. But if you keep the Hoosier—as we know you will do—you can pay off the balance \$1.00 a week—only 5 cents a meal.  
 Women are buying more Hoosier cabinets than any other five makes combined. The Hoosier factory's enormous output brings down prices and permits the added attractions that make the Hoosier unexcelled.  
 There is storage space for 400 articles, ALL WITHIN ARM'S REACH! There is plenty of unhampered room above and surrounding the aluminum (or porcelain) work table. The Hoosier gives you a big table space to work on.  
 It has All-Metal Flour Bin with Glass Front—Gear-Driven Shaker Flour Sifter—Revolving Spice Jar Rack—Ingenious Big-Capacity Sugar Bin—Doors with handy trays that hold small utensils or the New Roll Doors, without extra cost—and 12 other features of convenience found in no other cabinet.  
 This is the season when you need your Hoosier most. There's no finer Christmas gift on earth for the housewife.  
 Come at once and see these new Hoosier models demonstrated. Get our low prices and easy terms. No obligation whatever.

BREITNEY SAYS FLA. WILL HAVE LARGEST SEASON IN HISTORY

(Continued from Page One.)  
 from Indianapolis and Louisville. There is also the famous year-round all-steel train the "Dixie Flyer," from Chicago, and also the well known St. Louis Express operated via the L. & N. and A. C. L. railroad through Montgomery. In addition to this the L. & N. and their connections operate three daily trains to and from New Orleans. After January 5, next, the Dixie Limited, a sister train to the Dixie Flyer, will be operated to St. Louis and Chicago. This train gives the fastest service between Jacksonville and St. Louis and Chicago, leaving Jacksonville in the forenoon.  
 It was on account of the expected enormous winter travel to Florida this season that the L. & N. and Pennsylvania lines a few weeks ago brought some forty odd of their passenger representatives from the northern and northwestern territory to Florida on an educational trip, and at the time Daytona entertained these representatives one day, showing them the attractions in and around the city.  
 Mr. Breitney stated that all trains entering Jacksonville now are either carrying extra cars or have to be run in two sections; and it seems safe to say that at least thirty-three per cent more travel has entered Florida so far this season than were here at the same time last year.

# DAYTONA BEACH DAILY NEWS

Devoted to the Interests of Daytona Beach and Seabreeze

## MENT OF BEACH SEAS PROPERTY TO HOUSE INTERESTS

Henry C. Rowe, one of the most prominent residents of Daytona Beach, has sold his valuable estate at Seaside Point, Groton, Conn., to the Morse interests, according to reports. It is the plan of the new owners to erect one of the largest shipbuilding plants in the country, employing in the neighborhood of 5,000 men.

Charles W. Morse, the president of the United States Steamship company, said in a recent interview that the purchase of the Rowe estate at Seaside meant not that the company would expand its carrying operation, which were started when Mr. Morse formed the United States Steamship company last December by the combination of established concerns and capitalized it at \$25,000,000.

"As is well known," said Mr. Morse, "there has been an extraordinary demand for steamships since the war started and we are simply trying to do our share toward meeting it. We shall use the ships we have in our own business. They will be tramp steel freighters, going to any part of the world with cargo."

"At the start we shall probably construct a fleet of ten ships at the new yard. They will be of 6,000 or 8,000 tons apiece—probably all of the same class. After these other ships will probably be built. The property we have bought is roomy. It has 2,000 feet of river front."

On a trip to Europe early last summer Mr. Morse invested several million dollars in chartering and buying steamers to ply between London and Archangel, London and South Africa, Cardiff and Mediterranean ports, and between American and English ports.

One Trip Pays for Ship.

It became known at that time that the company's revenue from a single voyage of its steamship Ororo, from New York to Archangel, with Russian supplies, was \$30,000. The original cost of the vessel was \$55,000.

The location is an ideal one. Situated on the east bank of the Thames river at a point where the water is deep enough to accommodate ships of the largest draught, the Rowe estate is in close proximity to a railroad one of the desired features which the bank location lacks. Easy transportation of supplies and material for the new shipbuilding plant is assured.

The property contains between 28 and 30 acres and a large and up-to-date plant can be built there. It is expected that the output of the new yard will be steel vessels of the most modern type.

## ENTHUSIASTIC MASS MEETING LAST NIGHT

MASS MEETING AT KEATING CASINO FRIDAY NIGHT FAVORS BOND ISSUE WHICH IS TO BE DECIDED ON 14TH.

A general mass meeting took place Friday night at Keating's casino for the purpose of discussing the purchase of the pier and casino by the town. A goodly number was in attendance and citizens, property owners and winter visitors were well represented.

W. L. Miller, a winter resident, who owns property on Grandview avenue, acted as chairman of the meeting and the first speaker was U. S. Shelly, former mayor and now a resident of Seabreeze and a large property owner in both towns. Mr. Shelly went carefully over the reasons which have been presented before and in a pleasing way, stated why he thought the pier should be purchased.

The following speakers, all in favor of the proposition, followed Mr. Shelly: I. B. Chambers, H. Q. Hawley, W. T. Ward, J. K. Wycarver, W. F. Bleckan, G. F. Finley, M. P. Guy, S. G. Young, H. T. M. Treglow, R. S. Holmes, G. P. Johnson, J. S. Barbe, J. W. Edmonds, U. Hambrick, W. F. Ayres, W. L. Miller and T. J. Gushee.

This is a good representative list of speakers as seven are voters and property owners of Daytona Beach, seven others are property owners without a vote, three are visitors and one was a resident and citizen of Seabreeze.

When the opposition was called on no one ventured to speak in its behalf.

The principal argument advanced in reply to the suggestion that the pier is sure to wash away, was, that all property suffers deterioration and that it must not be expected the pier will stand forever. Nearly all were of the opinion that the casino and pier are too good a bargain at \$5,000 to pass by when the town needs a municipal building and would in time build a pier.

There is still a good deal of doubt about the passage of the issue, however, as many Daytona Beach citizens who were not present at the meeting last night, are against it and will endeavor to vote it down. Good arguments have been advanced on each side.

The literary part of the "Sand Crab" is nearly in shape for the printers. The editor and his staff under the supervision of Miss Brown, have spent a good deal of time during the past two weeks in selecting material from the English work of the year for the sixth issue of the "Sand Crab." As usual, the printing has been given to Burman Bros., of Daytona. The new "Sand Crab" will contain individual pictures of each high school member. These are already in the printer's hands.

Count that day lost whose low-descending sun sees not some friendships made and more begun.

## DAYTONA BEACH

Mr. and Mrs. J. M. Closson of Ashland, O., arrived Thursday for the winter here.

Mr. and Mrs. Herbert Dexter are expected to arrive today from Chenoa, Ill., to spend the winter at their apartment in the Harrow building.

Mr. and Mrs. Harry A. Horn and family have moved into the Ross building on the corner of Halifax and Seabreeze avenues for the winter.

Mrs. A. M. Fisher, who recently arrived from Decatur, Ind., has taken apartments for the winter at the Winthrop house on Hollywood avenue.

Mr. and Mrs. T. N. Greenlee, of Asheville, N. C., are recent arrivals at the beach who will spend the winter at the Sweeney apartments on Coates street.

Mrs. M. A. Woodward of Charles River, Mass., and Mrs. F. J. Stewart of Waltham, Mass., arrived Thursday from the north to spend a few weeks at the Seaside Inn.

Mrs. R. J. Brown of Atlanta, who has been visiting with Mrs. F. J. Ruger and Mrs. F. J. Longdon at their home on the lower river front, returned to her home Thursday afternoon.

Mr. and Mrs. P. D. Kenney and mother, Mrs. Mary King, of Poulney, Vt., are expected within a few days to be with Mrs. A. Davies for a few days. Later they will continue their trip down the East Coast to Miami.

Mrs. J. L. Brennan and daughter, Kathleen, of Harbor Beach, Mich., are among the recent people to arrive at the Daytona Beach hotel. Mr. Brennan and daughter, Mary, and son are motoring down from the north and will be here in a few days.

The croquet grounds of the Breakers hotel are being cleaned and leveled for the use of guests and friends of the hotel during the winter. Many of those enjoying the season at the Breakers, make good use of these grounds during the hours of pleasant days.

A high school play, "In Christmas Day in the Morning," will be given before the coming Christmas vacation. The play will be given to raise money for the stage furnishings of the new school building on Earl street. It includes eight or ten of the high school pupils who are spending much of their spare time in preparing it.

TIDES ON OCEAN BEACH

Low Tide Today ..... 1:17

Low Tide Tomorrow ..... 1:56

THE WEATHER

The central depression of previous map has advanced eastward and now extends from the middle Atlantic coast to the lower lakes, while the western high pressure area has overspread the west gulf states and the central valleys. Light rains, turning to snow over the northern portion of the country, occurred during the last 24 hours from the east gulf states to the lakes. Rain continued over the north Pacific slope.

The cold wave has overspread the central valleys and most of the gulf states with temperature changes of 30 and over from Mississippi to Ohio. The freezing line extends southwestward from Kentucky to Louisiana and southern Texas. The winds are moderate south and southwest on the Atlantic coast, shifting to north and northwest on the gulf coast.

## NEED CASH FORGED CHECKS THEN VANISHES

Just after the opening of the Merchants bank yesterday a negro attempted to cash a check bearing the signature of M. M. Edwards, a negro merchant of Midway. A. N. Otis, assistant cashier, was dubious of the genuineness of the signature and turned the check over to Cashier F. J. Niver, who told the negro he would have to wait until the bank could communicate with Edwards. At the same time Mr. Niver tried to get in touch with Chief of Police T. O. Milton, who unfortunately could not be immediately located. The negro evidently became suspicious and disappeared, but Chief Milton is on his trail and he will probably soon be apprehended.

The same negro had earlier in the morning cashed two checks at business places on Beach street, one for \$22.50 at the Fifth Avenue Boot shop, where he purchased a pair of shoes and received the change, and another at the Gruber-Morris Hardware company store, where he bought a mason's trowel for 75 cents and received \$8.00 in change, the check being drawn for \$8.75. The check taken by the Gruber-Morris company bore what purported to be the signature of Edwards, while the one cashed at the shoe store carried the forged signature of J. W. Williams, a well known colored bricklayer and plasterer.

Mrs. Wm. R. Marley, who came to Daytona last week to attend the funeral of her niece, Mrs. A. M. Bartlett, and remained here with members of the family, returned Friday to St. Augustine.

Walter Clark, superintendent of construction for the Florida Engineering and Construction company, of Jacksonville, which has built the new public school buildings in this city and has the contract for the new school building in DeLand, was in the city for a few days, returning after preparations for the new building. Mr. and Mrs. Clark removed the forepart of the week from this city to the county seat, leaving W. E. Bence and Fred Anderson to close up the work on the north end school building, the last to be completed in this city. Mr. Clark makes the trip between Daytona and DeLand in his car by way of New Smyrna.

Getting business through advertising is the easiest way.

Milk From the Desert.

El Paso, Tex., has one of the most interesting milk supplies of any city. A considerable amount of the milk is goats' milk produced by a number of goat dairies, one of which has a thousand goats. These goats get their living from the surrounding hot, dry territory, deficient in grass and only moderately covered with sagebrush and cactus. A cow would starve to death, but the goats, though fed neither hay nor grain, give on an average about a quart each. The milk brings the same price as cows' milk and is sold both in bottles and in bulk.—Farm and Fireside.

Worth Knowing.

Linoleum when first laid should be given a coat of good floor polish made of wax and pure oils free from acids of any nature. This should be well rubbed into the linoleum to fill the pores, then the linoleum should be polished. When necessary to clean use a good soap, which must be free from alkalis, and lukewarm water. Do not use soda or any of the strong soaps or cleansing compounds, which are apt to destroy the finish and color. Some prefer that the linoleum should be polished once each month with a good floor wax, but the soap and water method is believed to be the best.

Parrot That Talked Egyptian.

In regard to the birds of the Bahamas, a lady of my acquaintance reaped this valuable information from the lips of one of the intelligent hack drivers of Nassau. She had noticed a bird looking something like a black parrot, and had asked the driver if it actually was a parrot. Oh, yes, it was a parrot, all right, he said. (By the way, it wasn't.) Did it talk, the lady asked. Oh, yes, it talked, but—and this was the really interesting information—it "only talked Egyptian!" "Egyptian?" exclaimed the lady. Yes! all the birds of the island talked Egyptian. Could he understand them? Well, just a little—but—in short, he confessed that his own Egyptian was rusty; but the birds talked it all right for sure.—Richard Le Gallienne, in Harper's Magazine

Ancient Bee-Culture.

From the earliest days the honey-bee has roused the poet and philosopher to admiration. That apiculture is no modern craft we find from the writings of the Roman Virgil, who, from his farm above Naples, tells us such delightful tales about his bees amongst the lemon trees, and from Pliny some hundred years later, who gives them an interesting chapter in his natural history. Centuries before the birth of Christ boatloads of ancient beehives floated up and down the Nile, following the circle of the summer season, and the bees probably revelled in the bowers at Babylon's gardens even as they do among the hollyhocks of today. We still get the Grecian honey, redolent of wild thyme, and the bees we see gathering the nectar on Hymettus' rocky slopes are doubtless direct descendants of the subjects of Aristotle's meditations.—Suburban Life.

## A Happy Baby Means a Happy Home

Christmas time is near and baby's needs should be seriously considered. Nothing could bring more joy to both mother and child than a KIDDIE KOOP. Especially desirable in this climate when baby's health depends upon his being kept cool and free from mosquitoes and flies.

A practical, safe crib and play yard for baby. Mosquito-proof, light weight, collapsible, rubber tired wheels, neatly finished in white enamel with nickel plated hardware.

Complete with high-grade Silk Floss Mattress, \$22.00 to \$24.00.

Saggett-Wetherby Company

(Continued from Page 8, 2nd Section.)

deducted. The object of these investigations is to secure better co-operation between shippers and carriers and greater efficiency in methods of handling, with a view to eliminate, or at least greatly reduce, the present waste.

"Well-tested systems of accounts and records for primary grain elevators, for live stock shipping associations, and for co-operative stores have been issued. Systems for country creameries and cotton warehouses have been devised and are being tested under commercial conditions. Systems perfected by the department for farmers' co-operative elevators and for fruit and produce associations already are in extensive use. A plan for adapting farmers' grain elevator companies to the patronage dividend basis has been worked out and published."

Meat production has been increased, according to the report, largely through checking of disease and parasites and by better stock raising. More than 40 per cent of the original tick infested territory has been cleared.

of, the report says and the annual loss of \$40,000,000 through this parasite has been greatly reduced. Diseases are being eliminated.

The report says of food production: "The production of food crops adequate to meet the consuming needs of the country and the export demand is a matter of large importance to the American people. Our potential agricultural resources in this respect are so varied and ample that there can be no doubt of our ability abundantly to supply our domestic wants, when climatic conditions are normal and the foreign demand is not excessive. One of the greatest agricultural needs, therefore, is the stabilizing of production."

"Sharp fluctuation of yield and price from season to season tends to stimulate speculative and superficial farming and to discourage the systematic crop rotation and thorough cultural practice which are essential to an enduring and economically sound agriculture. It is obvious that, in large measure, stabilization of production must be brought about through the use of better adapted or improved crop varieties, more systematic and rational crop rotations, and improved agricultural practice generally, including in many sections, larger attention to live stock production."

"As the principles of crop improvement are better understood and more generally applied, larger yields per acre should result. In addition, a great deal can be accomplished through increase of soil fertility and better cultural methods. Enough has been done in this direction by the state experiment stations and the department, and also by good farmers to justify the expectation that considerably increased acre yields gradually will be brought about in a large part of the area adapted to the staple food crops."

"Very destructive climatic conditions never occur in this country with equal severity throughout all the staple crop regions. It is highly desirable, therefore, further to broaden the areas for these staples as far as experience and sound economics may warrant."

and Drugs act has strikingly emphasized the importance of enforceable standards for foods and drugs. Without them it is impossible to carry out completely the purposes of the act. In many instances protection of the consumer—the principal object of the law—can not fully be accomplished, nor can unfair practices on the part of unscrupulous manufacturers adequately be prevented. In some cases maintenance of prosecution is difficult and expensive, even when the articles involved clearly are adulterated or misbranded. To meet this situation, I have recommended in the estimates for the fiscal year 1918 that the secretary of agriculture be authorized to establish standards of strength, quality, or purity for articles of food and for those articles of drugs which are sold under or by a name not recognized in the United States Pharmacopoeia or National Formulary. The suggestion provides that if any article fails to conform to the established standards it shall be deemed to be misbranded, unless it is labeled so plainly and conspicuously as to show how it differs from the standard.

"I have also recommended in the estimates that the department be given authority to inspect establishments producing foods or drugs intended for shipment in interstate or foreign commerce. No specific authority exists at the present time. If the suggested authority be granted the department should be able to improve the quality of food products, both by bringing to the attention of manufacturers any unsanitary conditions that may be discovered and by securing evidence of production under unsanitary conditions."

**IS CHAPTER OF ACCIDENTS**

Experience Related by Pennsylvania Farmer Is, to Say the Least, Unusual.

Altoona, Pa.—A chapter of correlated accidents is told by Henry Weaver, a Baird Eagle Valley farmer, in Tyrone. Weaver says he decided to pick some pears from a large tree one Sunday. The limb broke and in his descent he passed through the roof of a hog pen. He fell on the back of a fat porker, which was so badly injured that it died.

In the barnyard adjoining the pigsty was a colt. It was so frightened by the noise that it jumped over a fence and ran into a clothesline, one end of which was fastened to a post. The post was hurled through the kitchen window of the farmhouse, narrowly missing the baby sitting in the high-chair.

The colt leaped over another fence and collided with a barbed wire fence, lacerating its legs and breast. When the veterinarian came next day to sew up the cuts he ran over Weaver's dog, which had to be shot.

**Present Season Promises To Be Record-Breaker For Transfers of Real Estate**

What are the prospects for business in real estate lines for the coming season? It is an interesting question for all, even to those who are not actively engaged in buying or selling property, for activity in all other lines of business. The pulsations of business are, perhaps felt quicker and more acutely in real estate than in any other business. Hard times are realized earlier in that business than in almost any other. People must eat and drink and wear clothing, before making any investment in real estate, speculative or otherwise, hence, when money is "tight," land investments are laid aside until a more convenient season. On the contrary, when money is plenty and easy to get, with prices everywhere rising, the attention of moneyed men is naturally turned to the land as a safe and profitable means of investment.

A representative of the Daily News made a round of a few of the leading real estate men of the city, and was pleased to find an extremely optimistic feeling prevailing. The reasons given for this feeling were convincing and conclusive. First, the influx of winter visitors this season, according to all accounts, promises to exceed all former records; again, the country has a plethora of money, which will be seeking investment, and nothing is so attractive to idle money as land in a country of rising values. Hence, the real estate men have good and sufficient reasons for their optimism.

R. L. Smith & company state that they have rented more good houses already than ever before, and their correspondence indicates that every house in Daytona will be occupied this season, and that there will be a shortage of cottages at a moderate rental. They also state that their correspondence tends to show that there

will be more sales made this year than for several years, and that there have been a good many prospective purchasers already on the ground, and that they now have a good many deals pending, some of which, if consummated, will mount well into five figures.

With regard to money matters there has been a noticeable loosening up, and it is comparatively easy now to get money for any legitimate investment. All of which goes to show that the coming year promises to be a record-breaker in development and investment lines.

**By No Means.**  
"No, Clara, outstripping one's rival does not necessarily mean a better showing."—Life.

**Real Thing to Strive For.**  
It is not a question of how much we are to do, but of how it is to be done. It is not a question of doing more, but of doing better.—John Ruskin.

**Birthday Present.**  
For birthdays the latest gift is a moire ribbon bracelet with the initials or even the whole name scrawled across it. The ribbon is tied in a neat little bow on the inside of the wrist and fixed with a tiny gold clasp.

**Gypsy Migration.**  
The theory that the gypsies began their migration from India about 900 A. D. is now generally accepted. They were traced, through their language, to Kabul and Persia, where they became split. One group went south through Asia Minor, and it was this branch that finally, through Turkey, wandered all over Europe. They first appeared in Germany in 1417, Switzerland in 1418, Denmark in 1430, Italy in 1422, France in 1447 and Poland and Russia in 1500. Their last migrations were to the new world and to Australia. Their banishment from Germany began in 1725 under Frederick William I, when, by royal proclamation, they were allowed a certain time in which to leave the country, after which all men, women and children over eighteen years were sent to the gallows. France never allowed the gypsies to get a foothold. Italy and Spain were tolerant with the few they received, and Russia, England, Hungary, Roumania, and Poland were generous toward the wanderers.

**Wink in the Dark.**  
London.—Smart Londoners and "knowing" Londoners declare that the winter has been more than an average. There have been the least pleasant days, the least pleasant nights, the least pleasant days. It is no longer said that people are perfectly contented that look like the pictures at a coronation.

"We are getting another dealer is quoted as there is not so much of them. They know what and what is more, they want to pay."

**MAN JUST ASLEEP**

Mount Pleasant Printer Time to Dodge the and Undertaker

Mount Pleasant.—A printer, was dead to the purposes the other evening, one of the household who so reported to an undertaker. The coroner notified the man's parents and asked the relatives if they had an investigation made.

When the coroner and the er, carrying a dead body, then, opened the gate leading to the yard, they met Daugherty, hearty, going to work. Exhausted from a long day Daugherty had lain down for a nap when another member of the household, seeing him, became ened and, thinking him dead, the authorities.

**Opera by Wireless.**  
New York.—Opera played on a graph record was sent by from a down-town building to the Hotel Astor. Dr. Lee, inventor, says passengers on the sea will hear the singing of the politan opera house when the opens.

Better business is possible man who does better advertising.

Making more people understand value of the store as a trade is the real purpose of advertising.

**HORSE DIGS UP A PURSE**

Clears Up Theft That Has Been a Mystery for More Than a Year.

Beaver Falls, Pa.—A mystery of a year's standing has been cleared up. Recently Justice of the Peace W. H. McElvaney of New Gallies received a pocketbook containing checks and railroad tickets from Mayor Christopher of Lisbon, O.

Last year Justice McElvaney attended the Columbiana county fair in Lisbon and reported to the authorities that his pocketbook had been stolen from his pocket.

Mrs. McElvaney and a woman friend saw the thief take the pocketbook and the following day, the man was arrested in Smith's Ferry, Pa. Mrs. McElvaney identifying him. The grand jury released the prisoner for lack of evidence.

A few days ago J. B. Lyther of Lisbon tied his horse to a post in the fair grounds. The horse dug up the pocketbook.

**DOG BURIES STOLEN MUFF**

While Owner Seeks It, Pointer Digs Hole for Fur Piece She Picked Up in Yard.

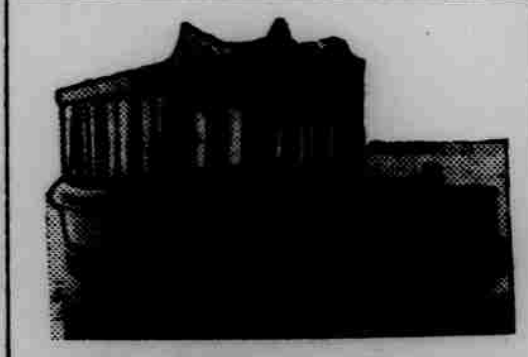

Winsted, Conn.—Bess, a black and white pointer, owned by Col. F. M. Chapin of Pine Meadow, entered the yard of Wilbur Deming of that village where a black muff 15 inches square was out for an airing after being taken out from a cedar chest. The dog carried the muff into Frank Holmes' yard and partly concealed it under the leaves when search was being made by members of the Deming family. Bess took the muff home and, after digging a hole in newly-plowed land, covered the muff with dirt.

The searching party finally reached the Chapin premises and recovered the muff, which was undamaged.

**BOY GETS A HOODOO DEER**

California Lad Shoots Old Buck That Dodged Bullets of Other Hunters.

Salinas, Cal.—Monterey county, which usually has more deer killed in it than any other county in California, tops all the local records with a forked-horn buck that weighed 231 pounds, dressed. The buck was killed in the last day of the season by William Casey, Jr., near his home at San Lucas. The deer was an old one, and hunters have been trying for years to get it, but the wily buck always managed to escape the bullets and was called "the hoodoo."

**SOME BARGAIN**—The above launch, 30x7 ft., with heavy duty Eagle motor, will tow or make fine party boat. First \$325 cash gets it, guaranteed perfect in every respect. C. Leon Hall, 111 E. Bay St., Jacksonville, Fla.

### TRAVELING-HOUSE MAKES TRIP SOUTH

A Ford auto with a place of resi-  
dence on its back, owned by H. A.  
Grover, of Leighton, Pa., who is on  
his way to Rockledge, accompanied  
by his two sons, stopped on Beach  
street during noon time Friday, while  
supplies were purchased.

The house-automobile measured six  
and a half feet wide and about eleven  
feet long and provided ample sleep-  
ing accommodations for the three  
men. They left the Gnadhutten Fruit  
farm, which they conduct at Leigh-  
ton, on Wednesday, November 22,  
and have had little or no trouble on  
the trip south. They left yesterday af-  
ternoon for Rockledge where they will  
spend the winter.

Mr. Grover spent his last winter in  
Florida, 31 years ago when he came  
south as a young lad for the novelty  
of a new country.

Day after day effort will develop  
regular business.

**Good in Various Fruits.**  
Red and white currants, like melons,  
apples, oranges, limes, lemons and  
gooseberries, are cooling and therefore  
most acceptable hot weather foods.

**Havana Tobaccos.**  
Although the Havana or Havana  
seed tobaccos are low in nicotine, they  
are high in oil. The settlement in a  
pipe stem, or the brown stain ob-  
tained from blowing tobacco smoke  
through the meshes of a handkerchief  
is not nicotine, as commonly sup-  
posed; but is in reality tobacco oil,  
nicotine only being obtained in ex-  
tract by an elaborate process of dis-  
tillation and double distillation. The  
oil in cigar tobacco prevents the  
smoke being inhaled as it would cause  
a strangulation and painful irritation.

**All Averse to Drugs.**  
It is the dictum of scientists that it  
is better to suffer the worst torments  
from pain and torture from sleepless-  
ness than to resort to the allurements  
and temporary soothing and lullabies  
of drugs, for once the drug habit is  
formed the victim is directly within  
the grasp of the devil and damnation.  
This is the testimony of all who have  
submitted to the lure of opium, mor-  
phine, chloral, hashish, cocaine, heroin  
and kindred drugs, which have so mul-  
tiplied within the last few years as  
to tell the whole story of the increase  
of the habit, which may be accepted  
in a large sense as indicative of the  
increase of insomnia and the condi-  
tions that lead to insomnia.

## WARD ON THE STREETS

\*Our Christmas and Gift cards are  
different. LeSesne's Kodak Place.

Mr. and Mrs. C. E. Winchell and Mrs.  
Winchell's sister, arrived in Daytona  
Friday evening, from North Adams,  
Mass., with the intention of spending  
the winter here. They are friends of  
Mr. and Mrs. E. R. Greene, of Berlin,  
N. Y., and are temporarily with Mr.  
and Mrs. Greene at their winter home  
on North Ridgewood avenue.

\*A lined Armadillo basket makes  
an appropriate gift at Wallace's. Sent  
through the mail.

\*Married couple wants room and  
board for winter months in private  
family. Address Box 242.

Mrs. Benford Deacon left this morn-  
ing for Jacksonville to visit Mr. and  
Mrs. Leonard Perkins. Mr. and Mrs.  
Perkins, who are from Denver, Col-  
orado, are well known here, having  
spent last winter in the F. N. Conrad

residence on the ocean beach, Bost-  
wick park, Daytona Beach, and the  
preceding season in the A. J. Malby  
bungalow at the corner of Orange  
avenue and First street in this city.

\*The gift worth while—a Portable  
Floor lamp from LeSesne's.

Eugene M. Sanchez, of the Foster &  
Reynolds company, was a Daytona vis-  
itor from Thursday until this morning  
when he returned to Jacksonville. Mr.  
Sanchez was here in the interest of  
the "Ask Mr. Foster" bureau of infor-  
mation and souvenir store in this city,  
but he has many friends in the city  
who are always glad to see him.

\*Sunday Dinner: Try the Ocean  
House, New Smyrna, \$1.00, during  
December. New Management.

The advertisement that claims more  
than the merchant can fulfill will kick  
back.

\*Wanted: Position as working-  
housekeeper in family with no chil-  
dren or in widower's home. 50 First  
avenue.

Good advertising will sell indifferent  
goods but won't make permanent  
friends. It takes quality of goods to  
sustain advertising.

Business is available, advertising is  
possible—make them do team work.

THANK YOU, TIMES-UNION.  
The Daytona Daily News has  
made its appearance again, af-  
ter its summer vacation, and is  
as bright and newsworthy as it should  
be. This is the thirteenth year  
for the News, which is publish-  
ed as a daily during the tour-  
ist season only, and the editor  
declares that he has no fears  
about the number thirteen. The  
Daily News has an important  
mission in its field and has pro-  
ved valuable in giving the read-  
ers and visitors just what  
they want in the way of infor-  
mation—Short Talks, Florida  
Times-Union.

CROQUET GROUNDS ARE  
INCLUDED IN CASINO FILL  
The croquet grounds installed on  
the park just south of the Casino  
Burgoyne by Fire Chief W. E. French,  
and which have been a source of much  
pleasure to visitors and residents  
alike, have been obliterated by the  
flood of sand and other material  
being used in the fill around the casino  
by the F. A. Root suction dredge. It  
is possible that later on the grounds  
may be re-established, although the  
present conditions have somewhat  
dampened Chief French's ardor in the  
matter.

## OPENING OF NEGRO INDUSTRIAL SCHOOL

The formal opening of the new \$20-  
000 building at the Daytona Industrial  
school for negro girls, takes place to-  
morrow afternoon from 2:00 to 5:00  
when visitors will be shown through  
the building and other parts of the  
institution. From 2:30 to 4:00 Sun-  
day afternoon, a program of songs  
and other numbers will be given by  
the school in the old building.

The new two-story brick building  
was built by Tampa contractors and  
is about 120x76 feet in size. It is  
heated by steam and has all modern  
conveniences for such an institution.  
On the first floor of the building are  
the offices and practical training  
rooms, where the negro girls will be  
taught to sew and weave, to cook and  
serve meals and where they will re-  
ceive their training to be servants in  
the homes of others.

On the second floor are the large  
well-lighted class rooms where regular  
school lessons will be taught to the  
various grades. One room is set aside  
for a library and another for the agri-  
cultural department.

Later, when funds are available, an  
80-foot auditorium will be built on the  
rear of the new building.

WELL KNOWN TEMPERANCE  
MAN LEAVES AFTER VISIT  
Albert W. Martin, of Haywood, W.  
Va., a well-known temperance lectur-  
er of that state, left Friday morning  
for his home after a short stay at the  
home of Mr. and Mrs. Davison and  
family, Atlantic avenue, Seabreeze.  
Mr. Martin is a noted speaker and  
has done much good in various parts  
of the country in increasing the  
amount of dry territory in the Union.  
He came south to attend to business  
relating to an orange grove property  
which he owns near Orlando and came  
to the beach to visit Mr. and Mrs. Da-  
vison and family who are neighbors  
to him at their northern home, Mount  
Clare, West Va.

Friends of H. J. Johnson of 21 Row-  
lander place will regret to learn that  
he is ill. Mr. Johnson is a patient at  
Dr. Bohannon's hospital and is re-  
ported to be doing as well as might  
be expected.

Mrs. J. H. Donnelly entertained the  
Friday Afternoon Bridge club yester-  
day afternoon at her winter home,  
corner of Magnolia and Palmetto ave-  
nues, and a very pleasant social time  
was enjoyed by the members of the  
club which is really an organization  
for the summer months and has dis-  
continued regular meetings for the  
winter season. Four tables were en-  
gaged, play commencing at 2:30  
o'clock. The first prize was secured  
by Mrs. Celeste Kinks, the second by  
Mrs. A. McF. Porter and the third by  
A. H. Carter. During the social period  
which followed the cards, refresh-  
ments were enjoyed.

## HON. J. T. DU BOIS A DAYTONA VISITOR

Hon. James T. DuBois, formerly  
minister plenipotentiary to Columbia,  
during the administration of President  
Taft, stopped off in Daytona Friday.  
He was accompanied by his wife and  
registered at the Orange Villa. They  
left this afternoon for Orlando and  
expect to winter in Florida. Mr. Du-  
Bois, while serving in his official ca-  
pacity, was called upon by President

Taft to report on the income  
resulted in the wresting of  
from Columbia. It was an-  
ticipated that negotiations were under-  
way for the payment of \$20,000,000 to the  
United States for Panama.  
Mr. DuBois is a Republican.  
In Washington, he cannot con-  
sider methods inaugurated by  
Roosevelt to secure Panama.  
He believes that this country will  
pay Columbia for the loss of  
necessary for the construction  
Panama canal.

Nothing adds so much to the  
of advertising as the  
about things worth advertising.

## DETAILS EFFORTS TO CUT DOWN COST OF LIVING

### INCREASED PRODUCTION AND BETTER DISTRIBUTION

BY SECRETARY OF AGRICULTURE IN ANNUAL REPORT.

(The Associated Press.)

WASHINGTON, Dec. 8.—Efforts to reduce the cost of living through increased production and better distribution of the country's foods are detailed in the annual report of Secretary Houston of the department of agriculture, made public today. The report also devotes considerable attention to the need of strengthening the government's control of foodstuffs to prevent speculation and hoarding of foodstuffs.

Reports of the department, the report sets forth, show that except for meat and dairy products the per capita production of the leading food commodities in the United States has increased about the same despite the rapid growth of population. Statistics presented cover a period of six years. The population has increased in that time 35 per cent. There is ground for optimism, the report says, as to the ability of the United States to supply itself with food and to increase production to meet the needs of the world.

One of the principal aims of the department has been to increase meat production. The report shows a steady growth since 1910 in the output of beef and an advance in the number of swine every year since 1908. More extensive sheep raising is recommended as a source of food. It is pointed out that only one farm in seven in the United States now supports sheep. Fifty million sheep, it is said, could be added to the country's flock.

Stabilization of production is recommended as one of the greatest agricultural needs in producing foodstuffs sufficient to meet demands. This can be accomplished best, the report points out, through better adapted or improved crop varieties, more systematic and rational crop rotation and improved agricultural practices generally. In many parts of the country more attention to livestock pro-

duction is essential to enduring and economical agriculture, the report declares.

It is highly probable, it is pointed out, that areas for production of staple crops be broadened as far as experience and sound economics may warrant. In this respect the report dwells on the importance of controlling plant diseases and insect pests. Marketing of farm products, rural finance and rural organization, the report says, have received close attention from the department in the last three years. A four year program developed in 1912 has been in a large measure carried out.

Improved marketing of livestock and meats has been sought by the department as a means of cheapening these products. "Already," the report says, "arrangements have been made with 58 stockyard companies to secure monthly reports of live stock receipts and shipments. A uniform system of marketing records has been established at the instance of the department by a number of yards. Methods and costs of marketing livestock and meats were investigated. A preliminary investigation of the sources, accuracy and use of market reports on livestock and meats has been made. The results of this study have been outlined in development of plans for the organization of a demonstration market news service for livestock similar to that now conducted for perishable crops."

Other efforts at better distribution methods are described as follows:

"Surveys have been made of the marketing facilities for agricultural products in nine cities and advice has been given regarding the location, establishment and management of municipal retail and wholesale public markets. Detailed studies also have been made of conditions in other cities. Investigation concerning methods of handling and grading perishable products and the practicability of standardization of the products and their containers have progressed rapidly."

"The issuance of monthly cold-storage reports on apples has been continued, and the work has been extended to include butter, eggs and cheese. These reports show the cold-storage holdings throughout the country and include a comparison of the holdings of the current year with those of the previous year. In co-operation with carriers, extensive investigations of the economic waste of foodstuffs in transit have been conducted."

(Continued on Page 6, First Section.)

## White House Social Season To Open With Dinner To the Cabinet Next Tuesday

(The Associated Press.)

WASHINGTON, Dec. 9.—The program for the White House winter social season has been announced, and as was generally expected, it omits the colorful diplomatic reception, because of the war, and also the time-honored New Year's reception for the public, in accordance with the custom President Wilson set when coming into office.

In place of the diplomatic reception there will be two diplomatic dinners. The Entente diplomats and all neutrals will be entertained at the first and the Teutonic diplomats and all neutrals will be guests at the second.

The embarrassments which would be caused by inviting the representatives of the warring powers to rub elbows at the same reception may be more imaginary than actual, but they are regarded by the social managers as having possibilities, notwithstanding that it is said the ambassador from one of the principal Entente allies and the ambassador from one of the principal Teutonic powers always exchange courteous greetings when they pass on the street. However, the program has been arranged to keep the warring diplomats apart.

The social events all come on Tuesdays instead of Thursdays, as formerly; the season begins earlier and ends in February instead of March, probably due to the fact that the White House wants it over by inauguration time.

This is the program as officially announced:

Dec. 12.—Cabinet Dinner, 8 p. m.  
Dec. 13.—Judicial Reception, 9 p. m.  
Jan. 9.—Diplomatic Dinner, 8 p. m.  
Jan. 16.—Diplomatic Dinner, 8 p. m.  
Jan. 23.—Congressional Reception, 9 p. m.

Jan. 30.—Supreme Court Dinner, 8 p. m.  
Feb. 6.—Army and Navy Reception, 9 p. m.  
Feb. 13.—Speakers' Dinner 8 p. m.

Before the war the diplomatic reception was the social show of the winter. Invitations were sought so eagerly by those who were not quite sure to be invited that the president set the rule of placing an arbitrary limit on the number, outside of the diplomatic corps, who were to be invited without his approval. In form the reception differed little from those to congress, the army or navy, or the judiciary. In fact it had a distinctly different atmosphere. The brilliant uniforms of the diplomats and their aides, the distinctly foreign manners of many, and the ceremony with which custom surrounds a diplomat when he is out in full dress uniform made the reception distinctive from the others.

In a general way, all the receptions are conducted alike. A few special guests are permitted to enter the main door of the executive mansion but most enter at the east entrance and after leaving outer garments in the lower corridors of the White House form in long lines leading up the marble stair case to the first floor

and into the Blue Room where the president and Mrs. Wilson, aided by members of the cabinet and their wives with army and navy aides in full dress, receive them.

The introductions are made by an aide; a brief word of greeting is spoken, followed by a hasty handshake and the guest passes along to the end of the receiving line to spend the remainder of the evening moving about or chatting with friends in the crowd. Even to personal friends the president or his wife cannot say more than a word because to each of the receptions come between 1,500 and 2,000 persons and things have to move on time. In the state dining room the guests find a buffet luncheon and in opposite ends of the main corridor two sections of the Marine band play almost continuously.

The nearer the top one is in official Washington, the surer one is to receive invitations to these affairs, although some of the receptions are not so "exclusive" as the others. The congressional reception, for instance, usually finds the world and his wife having a good time in the White House and not always in evening dress.

In a capital where there are hundreds of persons not connected with the government, but active in social life, the limit to the number of invitations must be gauged by the capacity of the White House itself, if there were no other reasons. It is not easy for the social secretary and the force of clerks who handle the invitations to discriminate. Failure to be invited to at least one reception may not be fatal to social aspirations but it is something to be avoided by those who make at least a pretention to social prominence.

Invitations, if anything, are not so easy to obtain as they used to be. A story told in social circles has it that at the opening of President Wilson's term a certain senator of influence sent to the White House for ten invitations issued in blank, in which he wished to write the names of constituents to whom he wished to show some favor. The story has it that his request was refused with a rebuke.

For some of the White House affairs, demand for invitations has been so great that almost unheard of subterfuges are used to obtain them and on one occasion watchful door tenders picked up admission tickets which proved to be very clever forgeries. The cabinet dinner which comes first this year is a comparatively quiet affair participated in only by the president and his wife, the cabinet members and their wives and possibly a half dozen invited guests. It takes place in the state dining room and is elaborate. The two diplomatic dinners follow and the neutrality of the White House is concerned in having each no less brilliant, elaborate and attractive than the other. The neutral diplomats by the fortune of war enjoy two dinners instead of none at all, as they would if the world were at peace.

The congressional reception from

## TWELVE THROUGH THE ON THE FLAGLER SYSTEM

### SIX EACH WAY DAILY THE EAST COAST

TWO TRAINS ARE TO BE ADDED THAT WILL AFFORD A FAST NIGHT JOURNEY TO ALL POINTS ON EAST COAST.

The Florida East Coast railway for the season of 1916-17 will inaugurate the most elaborate and complete passenger service in the history of the Flagler system. There are to be six through trains each way daily, making twelve through trains, operating between Jacksonville and Miami. There will be two each way running on through from Jacksonville to Key West. There are two new trains, one each way, Nos. 35 and 36, that will offer the fastest schedule on the road. The present train, No. 37 and 38, are placed on a slower schedule, making all local and express stops, while Nos. 35 and 36 will make stops only at important points. The new schedule will go in effect on Thursday, January 4th. The list of trains in the order of their departure from Jacksonville is as follows:

Palm Beach Limited, No. 33 South, and No. 34 North, southbound, leaves Jacksonville at 9 a. m., arrives at Daytona, 12:45 p. m., arriving in Miami at 10:20. Returning it will leave Miami at 7 o'clock in the morning, arriving at Daytona at 4, and Jacksonville at 8. The local and mail train in No. 39 southbound and No. 30 northbound. It will leave Jacksonville at 9:30 in the morning, arriving at Daytona at 1:35 in the afternoon, and Miami at 12 midnight. Returning, it will leave Miami at 5:30 in the morning, arriving at Daytona at 3:45 in the afternoon. It will reach Jacksonville at 7:50.

The Overseas Limited, No. 35 southbound, and No. 36 northbound, will leave Jacksonville at 1:30 o'clock in the afternoon, arriving at Daytona at 5:05, and at Miami at 3 in the morning, and at Key West at 6:30 in the evening, arriving at Miami at 12:30 a. m., at Daytona at 9:40, and will reach Jacksonville at 1:30 in the afternoon. The New York, Palm Beach and

## BUILDING BRIEFS

Fuquay & Gheen obtained recently  
a contract to build a small bungalow  
in the Fuquay subdivision for Archie  
Yelvington, of Daytona Beach.

A third bungalow was started this  
week for Henry W. Haynes on the  
Princess Isena property by Fuquay &  
Gheen, architects and contractors, of  
Daytona Beach.

The Daytona Sheet Metal works  
recently obtained a furnace contract for  
the Gray Gables on the beach front  
above the Hotel Clarendon. This large  
frame building is owned by Judge I.  
A. Stewart, of DeLand. A cellar has  
recently been built underneath it and  
in this new part of the building a  
Utica heater will be installed.

The Daytona Sheet Metal works  
received a contract Thursday for the  
installation of a furnace in the Elmhurst  
addition on South Palmcote  
avenue. This work will commence in  
a few days. A furnace manufactured  
by the Utica Heater company, of Uti-  
ca, N. Y., will be used for the heating  
purpose. Many of these heaters have  
been put in various buildings in Day-  
tona and vicinity and have proved to  
be very efficient. They are represent-  
ed solely by the Daytona Sheet Metal  
works for this part of Florida.

### Optimistic Thought.

We seldom do a kindness which, if  
we consider it rightly, is not abundantly  
repaid.

### Sympathetic Ink.

Take some pure lime or lemon juice  
and write with it on paper. Then heat  
the paper over an alcohol lamp and  
the writing will come out brown.

### After Cleaning With Gasoline.

Put about one-third part vinegar in  
the water with which you dampen the  
cloth when pressing an article  
cleaned with gasoline. This will re-  
move the scent of the gasoline and  
will prevent circles forming.

### To Clear Water.

To clear smoky or sooty rain water,  
beat the white of an egg in a quart  
cup; fill up with water, stirring thor-  
oughly. Pour this into a tub or boiler  
of smoky water. The water can soon  
be skimmed of its dirt.

## TWELVE THROUGH TRAINS ON THE FLAGLER SYSTEM

(Continued from Page Nine.)

Miami Limited, No. 87 southbound and  
No. 88 northbound, leaves Jacksonville  
at 3:30 in the afternoon, arriving in  
Daytona at 7:47, and Miami at 4:40.  
Returning it leaves Miami at 11:30 at  
night, arriving in Daytona at 8:32 a.  
m., and Jacksonville at 12:30 p. m.

The new train this coming winter,  
No. 35, will leave Jacksonville at 8:15  
p. m., and run through without stops  
to St. Augustine, arriving there at 9:15  
p. m., and departing at 9:25 p. m. It  
is due at Daytona at 11:50 p. m., and  
Miami at 9 a. m. This makes the run-  
ning time from Jacksonville to Miami  
only three-quarters of an hour over  
twelve hours. An allowance should be  
made for the half hour spent at West  
Palm Beach and Palm Beach in mak-  
ing the stops at the large hotels at  
Palm Beach.

Returning, train No. 36 will leave  
Miami at 7:50 p. m., arriving at Day-  
tona at 5:10 a. m., and reaching  
Jacksonville at 8:50 a. m. This makes  
a thirteen-hour schedule.

The last train out of Jacksonville at  
night will be No. 37, the Key West  
Night Mail and Express, making all  
local and express stops, leaving at 3:30  
p. m. The arriving time at Daytona  
is 1 a. m., Miami 11:45 a. m., Key  
West 6:20 p. m.

Northbound, No. 38, will leave Key  
West at 8:10 a. m., Miami at 3 p. m.,  
arriving at Daytona at 3:50 a. m., and  
at Jacksonville at 8:30 a. m.

This coming season the dining car  
service on the Florida East Coast Rail-  
way will be exceedingly good. Eight  
of the fast trains, four each way, will  
carry dining cars. These trains will  
be the Palm Beach Limited, the Over-  
sea Limited, the afternoon New York  
and Florida Special and the Seaboard  
Florida Limited, at night. This will  
insure the best service that the Flag-  
ler system has ever been able to offer  
for the convenience and comfort of the  
traveling public.

### Use of Acetylene in France.

The streets in more than 250 towns  
in France and the portions of Algeria  
that it governs are lighted exclusive-  
ly with acetylene.
